## LOCUS SONUS WORKSHOP

mp3

I'm at the Villa Arson in Nice, France doing a podcasting workshop. In case you are wondering, what I am doing in the south of France, it seems that sound art is quite lively here. Perhaps that's because of Jerome Joy and Peter Sinclair who have put together an experimental 4th & 5th year sound art degree program for Aix-En-Provence and Nice. Here's some sounds but also check out what the students did on their own rss feed. PodArson site and xml subscribe. Interestingly enough, two old Fluxus/Lettriste artists who are friends of mine Jean Dupuy and Olga Adorno live here in Nice. Seems like they are also having a bit of a resurgence here in France. There is some renewed interest in Robert Filliou that is sparking the debate and interest here.
